Copenhagen Hepatitis C Program (CO-HEP), University of Copenhagen and  
Copenhagen University Hospital, Hvidovre

Jens Bukh

Judith M. Gottwein

Troels K. H. Scheel

# WELCOME TO HCV-FLAVI 2026!

This esteemed meeting brings together leading minds and research in the fields of **hepatitis C virus (HCV), orthoflaviviruses** (incl. **dengue, West Nile, Zika, yellow fever** and **tick borne encephalitis virus**) and related viruses such as **pesti-, pegi-, and other hepatitis viruses**. This Symposium has a strong tradition of driving discoveries in virus replication, immune responses, pathogenesis and genetics, and providing the knowledge base for spectacular advances in antiviral and vaccine development.

This event is your opportunity to connect with approximately **300 leading experts, researchers, and healthcare professionals** from all around the world to discuss the latest advancements in the field.

Our program will feature **internationally renowned plenary speakers**, oral presentations, pitch talks, and poster sessions in addition to social networking events.

## DATES AND VENUE
